

Help with childcare costs

GOV.UK

You could get up to 70% of the childcare costs you're claiming for, up to a maximum of £175 a week for 1 child and £300 a week for 2 or more children.

Please visit the website below for more information:

<https://www.gov.uk/help-with-childcare-costs/childcare-tax-credits>

If you signed up for childcare vouchers before 6th April 2011 and you haven't changed your employer or had a break from vouchers lasting more than 12 months, then you can order up to £243 a month of childcare vouchers even if you are a higher or additional-rate taxpayer.

Your savings from childcare vouchers will depend on your own circumstances, so the savings shown above are for general guidance only. Childcare vouchers can affect your entitlement to tax credits, so please check whether you would be better off with tax credits before signing up for childcare vouchers. You can use our tax credit calculator by clicking [here](#). Alternatively, you can access HMRC's online calculator by clicking [here](#) or contact the tax credits helpline on 0345 300 3900. Childcare vouchers can also affect your entitlement to state benefits, such as Statutory Maternity Pay. For more information on how childcare vouchers can affect your benefits, please visit our [guide to salary sacrifice](#).
